

# ENGINEERS 4 REFUGEES

Engineers For Refugees (E4R) is an organisation run by 7 Dutch students of the Technical University Delft (TU Delft). In collaboration with VluchtelingenWerkNederland we offer an accelerated integration course for **young and ambitious refugees**! The intensive program consists of 3 main activities: B2 language course, buddy program and additional master classes.

## LANGUAGE

Our language classes are given by a certified teacher at the TU Delft faculties. Students will have 16 hours of classroom lessons per week and must count on at least the same amount of hours for self-study. You will reach a language level with which you can apply to any Dutch education institute!

- + 36 weeks courses
- + 4 days a week, 4 hours a day
- + Selfstudy at home
- + B2 level Dutch

## BUDDY PROGRAM

We have a pool of enthusiastic TU Delft students of your age that would like to meet you! You will be matched with one of our volunteers to become buddies. Together you can undertake entertaining activities, but also learn from each other and help each other!

- + 3 hours a week
- + Daily life of a Dutch student
- + Cultural experiences
- + Build friendships

## MASTER CLASSES

The participating students can attend master classes for free. The subjects of these master classes depend on what the students need and want to learn. The master classes will include subjects such as entrepreneurship, cultural activities and labor orientation.

- + Every two weeks
- + Acquaintance of Dutch culture
- + Entrepreneurship
- + Labor orientation

## REQUIREMENTS

The ambitions are high and therefore a lot is being asked of the participants. Interested refugees will be tested and interviewed.

- + Refugees background
- + Age 18 to ± 30 years
- + Obligation for 'inburgering'
- + Current language level A0 up to A1
- + At least high school educated
- + Willing and be able to do a lot of (self) study, and cope with a high speed course

## DETAILS

We are looking for 20 participants. The aim is to start in September 2018. Whether this succeeds, depends on the number of registrations. The course will cost € 6250 (€10,58 per hour). This amount can be financed from the DUO loan. Travel expenses can be covered.

## QUESTIONS & CONTACT

Need to know more about inburgering in general?

Please read about it in your own language at
